The HuD Culture — The 5 L's

The HuD Group's culture is shaped by five core values, expressed as the Five L's:

- Link — Staying connected upward with God through prayer, worship, and His Word.
- Live — Embodying authentic, Spirit-filled, whole-life discipleship in everyday living.
- Love — Building genuine community, caring for one another, and loving neighbours.
- Learn — Pursuing lifelong formation — spiritually, intellectually, emotionally, and vocationally.
- Lead — Exercising Christ-centred influence in every sphere of society for kingdom impact.

Strategic Frameworks

The HuD Group operates through two primary frameworks: the 9 Ps (Prayer, People, Programs, Products, Places, Projects, Pennies, and Policies) to structure its operational priorities; and the Depth-Breadth-Height discipleship model to ensure leaders grow deeply rooted, widely multiplying, and constantly rising in influence. These frameworks shape every programme, partnership, and strategic decision across the global network.

Key Milestones

- February 2010 — Partnership with EQUIP (John Maxwell): The HuD Group partnered with John Maxwell's EQUIP organisation — one of the world's foremost leadership development movements — further cementing its commitment to equipping leaders with globally recognised tools and methodologies.
- Celebrated 20th anniversary in 2023
- Establishment of The HuD Group Global Team: To ensure coordinated and effective leadership across all 27+ countries, The HuD Group established a dedicated Global Team responsible for the strategic oversight, operational coordination, and programme delivery of HuD Groups worldwide. While the Ghana HuD Group serves as the Headquarters of the broader movement, the Global Team operates as the central coordinating body — ensuring alignment, accountability, and growth across every national expression of The HuD Group.
- 2024 — Launch of The Shadrach Fellowship: The HuD Group launched The Shadrach Fellowship (TSF) as its flagship leadership formation programme, designed to develop a new generation of Christ-centred, whole-life leaders through a full year of spiritual, missional, leadership, and communal formation. The inaugural cohort launched on December 27, 2024, and graduated on December 26, 2025 — marking a defining moment in HuD's discipleship journey.
- July 2025 — Partnership with Compass Financial Ministry: The HuD Group entered into a formal Affiliation Agreement with Compass – Finances God's Way, Inc., becoming the official Compass Affiliate for Africa. This partnership empowers The HuD Group to teach and disseminate biblical financial principles — including the Give, Save & Spend curriculum — across churches, universities, and community networks throughout Africa and beyond. The partnership was further formalised through a Memorandum of Understanding signed in December 2025.

01 | Executive Summary

The year 2025 has been one of renewed structure, accountability, and global coordination for The HuD Group, guided by the theme of Financial Discipleship: Faithfully learning, applying, and multiplying God's financial principles for His glory. Under the leadership of Dr. Yaw Perbi, Global CEO, and Frank Koomson, Global Operations Associate, the organisation has consolidated its twelve regional networks and standardised leadership systems across over 27 countries.

The introduction of the Country Leadership Framework (Representative→Coordinator→CEO) provides clarity and progression for national leaders, while consistent HuDdles have deepened collaboration and reinforced alignment. The reactivation of The HuD Group Canada Board and revived Annual General Meeting reinstated governance and compliance measures, strengthening the organisation's international operational base.

Strategically, HuD Global advanced major partnerships with:

- Compass Financial Ministry — establishing an affiliate partnership to equip HuD leaders through the Give, Save & Spend financial discipleship curriculum, culminating in the finalisation of a formal MOU in December 2025.
- RightNow Media (South Africa) — enhancing global discipleship through digital learning.
- Alexandria Youth Committee (Egypt) — training and equipping over 500 emerging Christian leaders across Egypt.
- Live2Lead Ghana 2025 — expanding leadership development and partnerships.

Financially, The HuD Group demonstrated growth and accountability: exceeding the GHS 47,000 Reach4Life fundraising target to reach GHS 51,767.83 — equipping 1,119 young people with New Testaments — managing structured disbursements to AWANA (GHS 38,500 in 2025), completing the CAD 35,000 Leadership Equipment Ghana commitment, and sustaining staff stipends totalling GHS 49,599.50. Operations support raising reached GHS 30,941.19 by year-end, contributed by a growing network of dedicated partners.

The Shadrach Fellowship completed its inaugural year with nine fellows graduating in December and thirteen new fellows inducted for 2026. The year closed with the Global CEOs Confab (November 27–29), the Global Operations Retreat and Compass MOU meeting (December 17), and the TSF Graduation and 2026 Induction Ceremony (December 26).

The year's highlights also included two major recognitions for Dr. Yaw Perbi — by the Millennium Excellence Foundation at Manhyia Palace and by Excellent Youth Outreach at their 30th Anniversary — affirming his global leadership influence and the organisation's expanding impact.

02 | Leadership Engagement

Throughout 2025, The HuD Group Global prioritised high-level leadership engagement across its twelve regions. Under the direction of Dr. Yaw Perbi and coordination by Frank Koomson, Global Operations Associate, HuDdles were regularised to foster communication, alignment of programme execution, and collaboration between regional and national leaders.

In October, a special session outlined plans for the 2025 Global CEOs Confab and clarified the flow of leadership convenings from National to Regional to Global levels. These meetings strengthened mutual accountability, decision-making through prayer and documentation, and a shared commitment to faithful leadership execution throughout the movement.

CEO Role Definition and Country Leadership Framework

The HuD Group's 2025 leadership framework established a structured progression for national leaders through three roles: Country Representative, Country Coordinator, and Country CEO. This system applies across all 27+ countries where The HuD Group operates, ensuring clarity and progression in responsibility, growth, and accountability.

a. Country Representative

- Level: Entry Leadership at the national level.
- Focus: Faithful execution of regional and global programmes locally.
- Responsibilities: Ensure compliance with global standards, initiate stakeholder relationships, and represent The HuD Group in new contexts.
- Purpose: Lay foundations for national presence and future growth.

b. Country Coordinator

- Level: Mid-level Leadership, bridging representation and national management.
- Focus: Adapting global strategy to local realities and managing small teams or networks.
- Responsibilities: Contextualise programmes, sustain projects and products, and build leadership pipelines.
- Purpose: Develop capacity and organisational sustainability within the nation.

c. Country CEO

- Level: Highest national leadership role.
- Focus: Entrepreneurial stewardship of HuD's vision and mission within the country.
- Responsibilities: Shape national strategy aligned with HuD Global vision while innovating locally; lead a registered HuD entity governed by a national board; mobilise resources and secure funding; build visibility and influence public policy where appropriate; nurture innovation ecosystems to scale HuD's transformative impact.
- Purpose: Represent the full expression of HuD leadership and accountable governance within each country.

d. Core Criteria Dimensions

Five dimensions define leadership competence across these roles:

1. Strategic Leadership — from executing to defining strategy.
2. Operational & Financial Management — from managing budgets to securing investment and ensuring sustainability.

3. People & Organisational Leadership — from supervising individuals to building national teams and succession plans.
4. External Relations & Influence — from maintaining partnerships to influencing policy and attracting strategic alliances.
5. Innovation & Growth — from identifying local opportunities to driving nationwide transformation.

This framework was communicated to all Regional and Country CEOs in mid-2025 to standardise leadership expectations and align performance assessment criteria across HuD's international network.

Operations Structure and Staffing

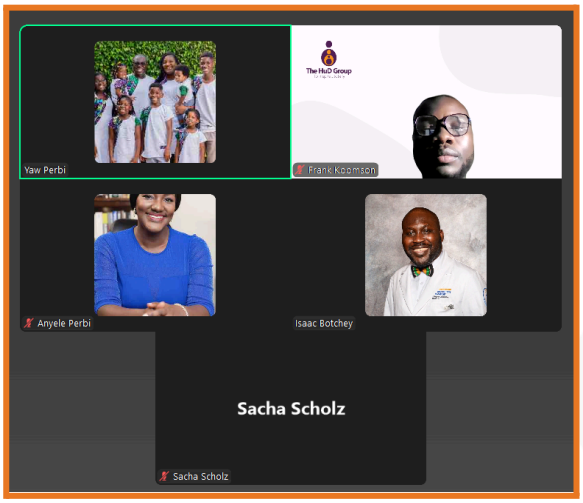

In the third quarter of 2025, The HuD Group Global expanded its operations team. Nathan Akoamah was appointed as Partner Development Lead on a one-year contract following a three-month probation period, to drive resource mobilisation and partnership growth. Lizlove Koomson joined as Communications and Media Lead on a part-time basis for a three-month probation period, to strengthen global communications, storytelling, and digital engagement across The HuD Group's platforms.

The weekly operations rhythm adopted during the year ensured balanced attention across four focus areas:

- Week 1 — Bible Study & Strategy
- Week 2 — Administration & Operations
- Week 3 — Partner Development & Networking
- Week 4 — Training & Development

03 | Governance, Meetings & Corporate Compliance

Board & AGM Meetings

The HuD Group Canada Board and AGM re-established a regular meeting cycle in 2025 to strengthen governance and oversight. As of July 27, 2025, Rev. James Quainoo officially concluded his service on the board, with a motion planned at the next meeting to appoint new board members.

On the financial side, the Canada team completed the annual filings required by the Government of Canada, with the assistance of the Québec Council of Christian Charities (QCCC).

Outstanding financial matters included payments for QCCC filing fees and a credit card balance, addressed through a short-term fundraising initiative targeting CAD 3,000.

Canada's support raising in 2025 yielded CAD 1,500 from Dr. Isaac Botchey (CAD 1,000) and Mr. Emmanuel Agyemang (CAD 500). The board also moved to deposit CAD 1,000 as a Guaranteed Investment Certificate (GIC) with Royal Bank of Canada to increase the credit card limit for international transactions.

Board Appreciation

Dr. Yaw Perbi formally acknowledged long-serving board member Rev. James Quainoo with a letter of appreciation and a $100 CAD Tim Horton's gift card, celebrating well over a decade of dedicated service and symbolising HuD's culture of honour.

Membership Structure & Committee

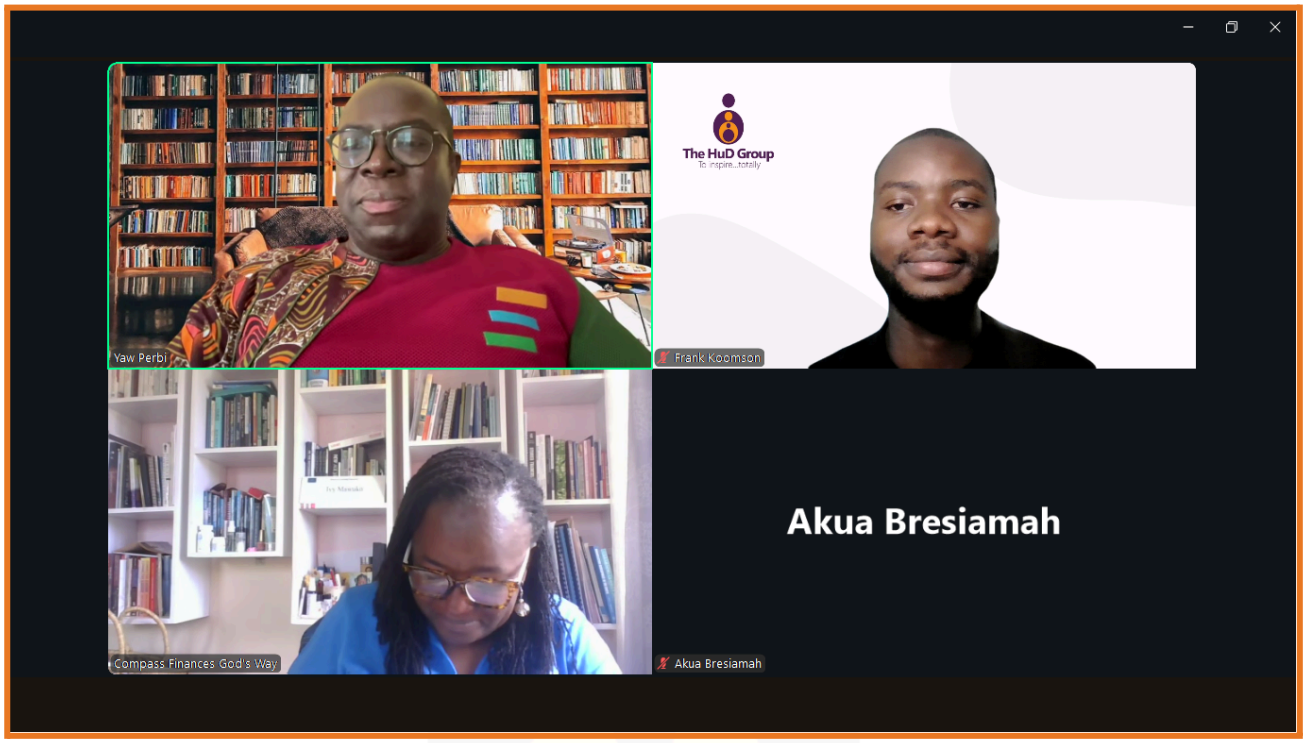

The Global Office initiated a comprehensive membership revamp to clarify benefits, responsibilities, and eligibility criteria. A Membership Committee comprising Dr. William Okyere-Frempong, Mrs. Karis Senanu-Adzosii, and Mr. Nana Addae-Mensah was formed in September 2025. Mrs. Senanu-Adzosii was represented by Mrs. Ivana Amponsah and Mr. Kofi Awuku-Sao at the first meeting (September 11, 5–6 PM UTC). The session focused on reviewing membership criteria, incentives, and responsibilities per the International Handbook. Dr. William Okyere-Frempong shared a Membership Life Development Programme Brochure created by HuD Ghana as a resource for developing the new framework. A WhatsApp group was created for continued committee engagement.

Strategic Alignment & Leadership Ethos

The 2025 theme — Financial Discipleship — guided all leadership decisions throughout the year. Rooted in Matthew 6:21, it focused leaders on biblical principles of Ownership, Surrender, Choice, Multiplication, and Eternal Focus. The HuD Group's strategic framework — the 6 Ps (Prayer, People, Programs, Products, Places, Projects) and the Depth-Breadth-Height Discipleship model — remained the core grid for mission execution.

04 | Partnerships & Collaborations

Compass Financial Ministry

In July 2025, The HuD Group formally entered into an Affiliation Agreement with Compass – Finances God's Way, Inc., a Florida-based non-profit ministry, to collaborate in advancing financial discipleship across Africa. Under this agreement, The HuD Group serves as an official Compass Affiliate for Africa, empowered to promote biblical financial stewardship and to utilise Compass's educational resources within churches, universities, and community networks.

Key terms of the agreement include:

- Mission Alignment: Both organisations commit to teaching God's way of handling money through preaching, seminars, small-group studies, digital media, and city-wide initiatives, in accordance with the Gospel of Christ.
- License and Use of Name: Compass grants HuD the right to use its name, trademarks, and learning materials (e.g., Give, Save & Spend) in alignment with Compass standards.
- Intellectual Property: Resources co-developed by HuD may bear joint copyright with Compass when used beyond the affiliate's scope.
- Governance and Reporting: HuD is expected to maintain good standing as a non-profit, operate for charitable and educational purposes, and provide annual reports as requested by Compass.
- Term and Termination: Either party may terminate with thirty (30) days' written notice; disputes are to be settled by mediation or Christian conciliation.
- Representatives: Ivy Mawuko (Director – ESPA, Africa Region) and Dr. Yaw Perbi (Global CEO, The HuD Group).

Following the agreement, the Give, Save & Spend (GSS) programme was launched globally within HuD in partnership with Compass. Through Ivy Mawuko's facilitation, Compass discounted the e-book from $29 to $8 (using the code africa2025) for HuD CEOs. Frank Koomson coordinated the distribution, training calendar,

and CEO engagement for Trainer-of-Trainers (ToT) sessions held on July 12 and 19, 2025, with ongoing monthly chapter studies through December 2025.

After an October Zoom meeting with Madam Mawuko, it became apparent that Compass Global wished to formalise the MOU at a higher level to leverage The HuD Group's global presence. This led to an in-person MOU finalisation meeting on December 17, 2025 (see Section 8).

RightNow Media (South Africa)

The HuD Group continued its subscription with RightNow Media, one of the world's largest Christian discipleship content libraries. In August 2025, Heleen Smit (Customer Service Manager) confirmed that approximately eleven HuD leaders were actively using the platform and offered a review meeting to explore new interactive features such as polls, response forms, and custom libraries. A virtual meeting was scheduled for early October to discuss expanding usage across regions.

Plans were made for The HuD Group to curate and manage its own content channel on RightNow Media as a Learning Management System.

Alexandria Youth Committee – HuD Egypt

The HuD Group Global collaborated with the Alexandria Youth Committee (AYC) on a transformational initiative to train and equip over 500 emerging Christian leaders across Egypt. The project aligns with The HuD Group's mission of raising Christ-centred leaders and discipling nations. A dedicated fundraising campaign was created, and Nathan Akoamah coordinated the crowdfunding effort, raising $190 USD in support. The HuD Group Global Operations coordinated communications and donor engagement alongside Dr. Yaw Perbi and the Egyptian leadership team.

Live2Lead Ghana 2025

By affiliation with Perbi Executive Leadership's strategic partnerships, The HuD Group participated in Live2Lead Ghana 2025, hosted at the CIB Auditorium, East Legon, Accra, on October 10, 2025. The event brought together executives, entrepreneurs, and faith-based leaders for a day of learning and networking. Special concessionary discounts were secured for HuD Group members, both local and global participants, online.

Friends of the Great Commission (FGC)

In October 2025, the Global Operations Team contacted Friends of the Great Commission (FGC) to explore joint missional initiatives and support for leadership development projects. The HuD Group was invited to provide organisational details to facilitate a registration process, coordinated by Nathan Akoamah, Partner Development Lead.

The Shadrach Fellowship Annex (TSFx) 2026

Alongside the core TSF 2026 cohort, The HuD Group introduced a new initiative: The Shadrach Fellowship Annex (TSFx). The TSFx was created in recognition of a compelling challenge — the number of individuals with outstanding motivation and potential who applied exceeded the twelve places available for direct mentorship under Dr. Perbi.

Rather than turn away these exceptional candidates, The HuD Group established the TSFx as an intentional parallel pathway.

TSFx fellows follow the same curriculum as the core Shadrach Fellowship but are mentored by graduates of the TSF 2025 cohort — themselves mentees of Dr. Yaw Perbi — who bring first-hand experience of the programme.

This approach multiplies the reach of HuD's leadership formation model while also offering the 2025 graduates an immediate opportunity to exercise their discipleship mandate.

Cohort	TSFx 2026 — Inaugural Annex Cohort
Curriculum	Same as core TSF — Spiritual, Missional, Leadership and Communal Formation
Mentors	Selected graduates of TSF 2025 cohort; mentees of Dr. Yaw Perbi
Purpose	To extend HuD's leadership formation to compelling candidates beyond the core TSF intake, while activating the TSF 2025 graduates as mentors

07 | Global CEOs Confab 2025

Dates	November 27–29, 2025
Format	Virtual — Zoom (10 AM – 3 PM UTC daily)
Theme	"Financial Discipleship: Faithfully Learning, Applying, and Multiplying God's Financial Principles for His Glory"
Bible Study	2 Corinthians 8–9 (Inductive, all 3 days); Give, Save & Spend Chapter 5: Crisis & Eternity
Participants	National CEOs and global leaders from Africa, Europe, and Australia

The 2025 Global CEOs Confab was a landmark three-day gathering that shaped The HuD Group's strategic and spiritual direction for the coming decade. It served five core purposes:

- Deepening spiritual formation in financial discipleship
- Reviewing the 2020–2025 "Forward Drive" strategic plan and CEO Responsibility Matrix
- Co-designing the 2026–2030 global strategic direction using the 9 Ps Framework
- Strengthening leadership transitions at national, regional, and global levels
- Establishing clearer membership structures, governance expectations, and fundraising pathways

Day 1 — Spiritual Foundations, Strategic Review & National Reports

The Confab opened with prayer, worship, and personal check-ins where CEOs shared challenges including family health emergencies, grief, academic pressures, ministry transitions, and national instability. The Inductive Bible Study explored 2 Corinthians 8:1–15 on the generosity of the Macedonian churches — surfacing themes of grace-empowered giving, willingness vs. ability, and generosity as spiritual maturity. Dr. Perbi led a financial discipleship session on "Weathering a Storm" (Mark 4:35–41).

A detailed review of the 2020–2025 Forward Drive plan identified key gaps: weak accountability structures, limited funding, inconsistent reporting, and inadequate training access. National updates were shared by:

- Ghana (Karis Senanu-Adzosii) — growth in team structures, partnerships, and youth leadership
- Benin (Angèle Kolouchè A. Biao) — language barriers, capacity gaps, and role transition needs
- Cameroon (Dieudonne Lobuin Ngwa) — emerging regional hubs and annual planning meetings
- Uganda (Israel Hirwa) — new discipleship and campus ministry initiatives, LMS deployment

Day 2 — Financial Discipleship & 2026–2030 Strategic Visioning

Day 2 deepened themes of generosity and stewardship through inductive study of 2 Corinthians 8:16–24 and 9:1–5, highlighting principles of integrity, accountability, and administrative excellence. Dr. Perbi clarified The HuD Group's biblical mission and identity, emphasising holistic leadership development for both marketplace and Church.

The strategic highlight was the co-creation of the 2026–2030 plan skeleton using the "First Place; Last Space" framework and the 9 Ps (Prayer, People, Programs, Products, Places, Projects, Partnerships, Pennies, Policies).

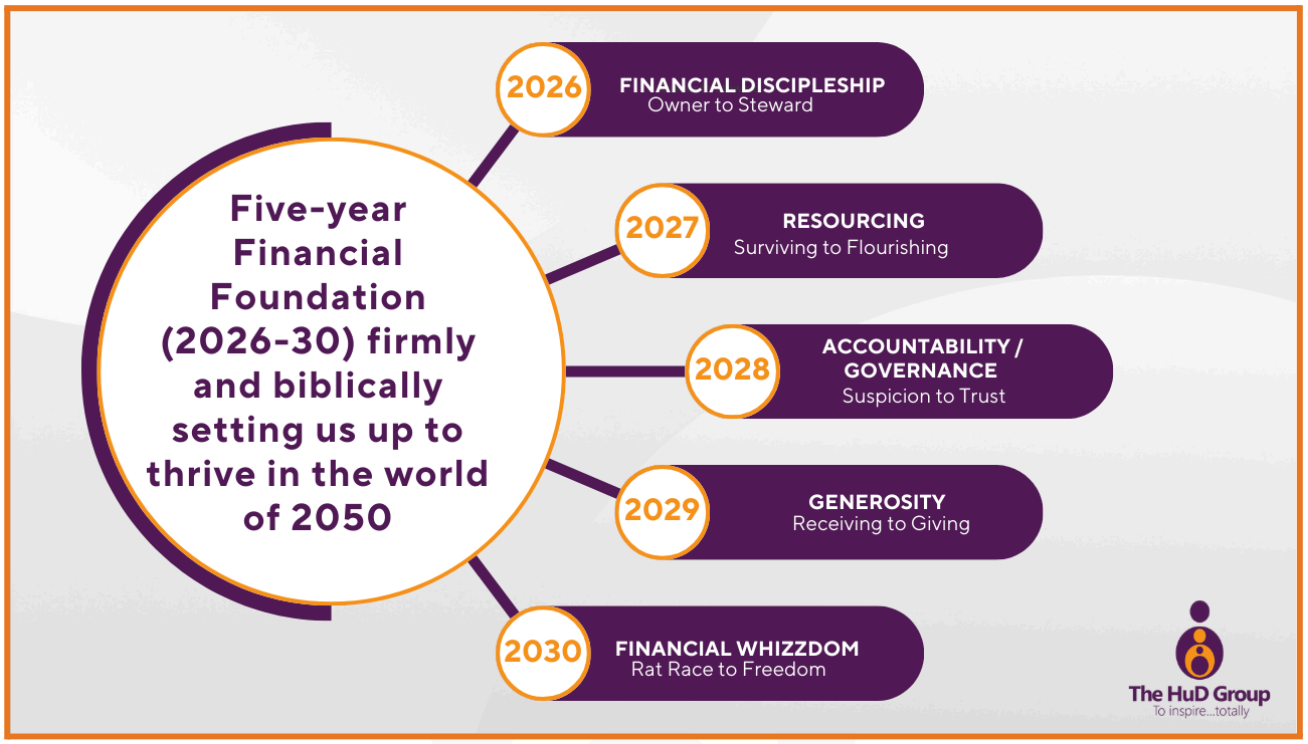

Day 3 — Membership, Fundraising & Country Quick Wins

Day 3 continued the inductive study through 2 Corinthians 9:6–15 on cheerful giving and God's provision. Frank Koomson presented the current membership framework, and CEOs agreed on the need for a revised

structure with clear categories, responsibilities, financial commitments, and a progression pathway. Country-specific quick wins were identified for Sierra Leone, Benin, Cameroon, Liberia, and Uganda.

08 | Dec. 17, 2025 — Operations Retreat & Compass MOU

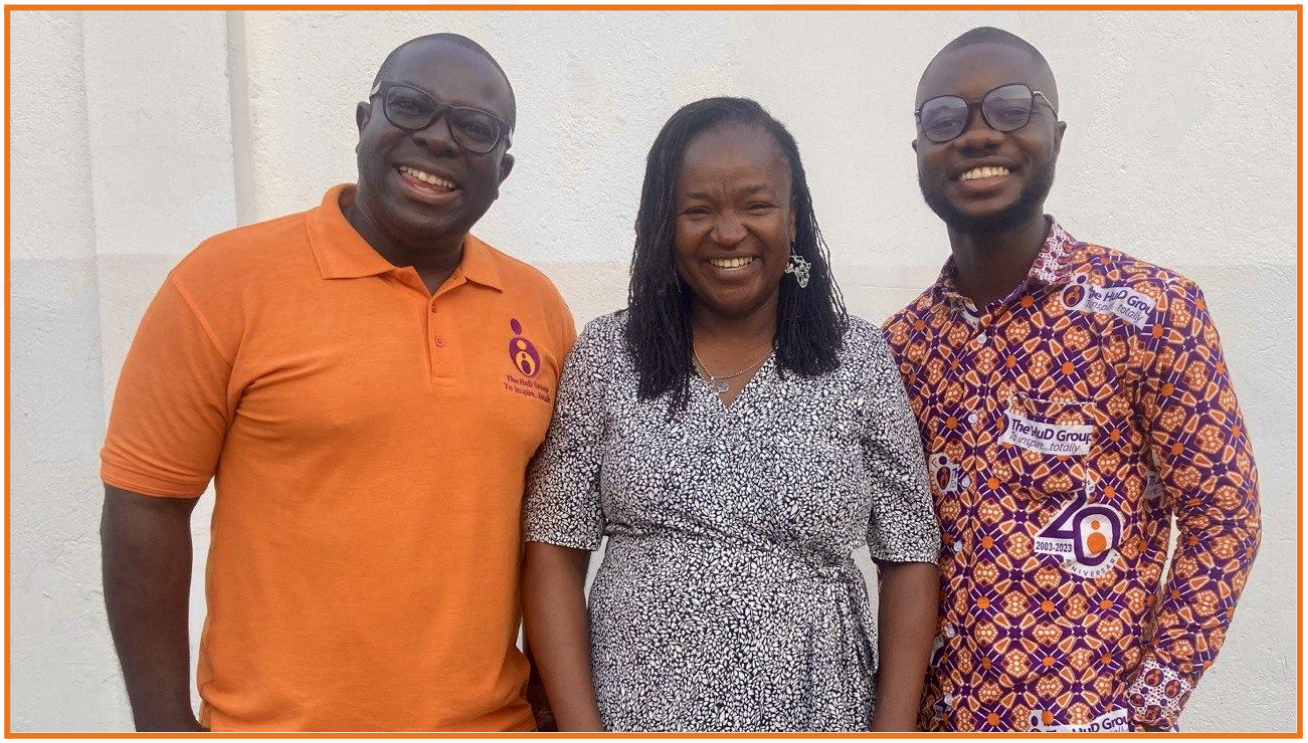

Global Operations Retreat

On December 17, 2025, The HuD Group held its Global Operations Retreat to reflect on the full year of 2025 — reviewing milestones, lessons learned, and gaps against the Forward Drive plan — and to begin translating the vision from the CEOs' Confab into concrete operational priorities for 2026. Key focus areas included leadership transitions, programme delivery systems, financial accountability, and partnership development.

MOU Finalisation — Compass Financial Ministry

Date	December 17, 2025
Meeting Type	In-person, The HuD Group Office, Accra, Ghana
Guest	Mrs. Ivy Mawuko, Director – ESPA, Africa Region, Compass Financial Ministry
Purpose	Finalise the Memorandum of Understanding between The HuD Group and Compass Financial Ministry

On the same day as the Operations Retreat, The HuD Group held a significant in-person meeting with Mrs. Ivy Mawuko at the HuD Group office in Accra. The meeting formalised the Memorandum of Understanding (MOU) between The HuD Group and Compass Financial Ministry — building on the Affiliation Agreement established in July 2025 and the October Zoom discussions.

The meeting also opened discussions on potential future partnership areas, reflecting The HuD Group's strategic commitment to embedding financial discipleship at the heart of its 2026 annual theme: "Financial Discipleship: Owner to Steward." The Compass partnership positions The HuD Group to equip HuD communities globally with biblically-grounded, practically applicable financial tools, deepening the movement's impact in every sphere.
